FOR IMMEDIATE RELEASE

Update: Rio Vista Bridge Overnight Closure Today
Motorists Can Expect Nighttime Closures of State Route 12 in Delta

RIO VISTA – Caltrans reminds motorists that State Route 12 will be closed from **9 p.m. today to 7 a.m. Tuesday** as crews again manually raise the Rio Vista Drawbridge for large ships to pass underneath.

Motorists are advised to take alternate routes between Solano and Sacramento counties. Caltrans will notify motorists and community members about future overnight highway closures.

The mechanism that raises and lowers the bridge was damaged on August 9 and effected the ability to raise the span.

Caltrans has sent the damaged motor gear box to a manufacturer to expedite repairs. Until the repairs are made, the bridge will be raised and lowered manually.

During the highway closure, Caltrans suggests these alternate routes:

- For detours involving Sacramento County origins/destinations, motorists may consider using State Route 113 along with Interstate 80.
- For other detours, they may consider using State Routes 12, 4, and 160 along with segments of Interstates 80 and 680.

Current truck restrictions will apply with California legal trucks having a kingpin-to-rear-axle over 30 feet not recommended on State Route 160.

For motorists using the State Route 84 Real McCoy and SR-220 Ryer Island Ferries as a bridge detour, additional ferry information is located on our Caltrans Delta Ferries website at: http://www.dot.ca.gov/d4/deltaferries/

Bay Area motorists can check 511.org: https://twitter.com/511SFBAY or follow Caltrans District 4 on Twitter: https://twitter.com/CaltransD4.

TRAFFIC ALERT

In the Sacramento region, Caltrans District 3 will issue construction updates on Twitter @CaltransDist3 and on Facebook at CaltransDistrict3. For real-time traffic, click on Caltrans' QuickMap quickmap.dot.ca.gov/ or download the QuickMap app on iTunes or Google Play.
